## SCAVENGER HUNT

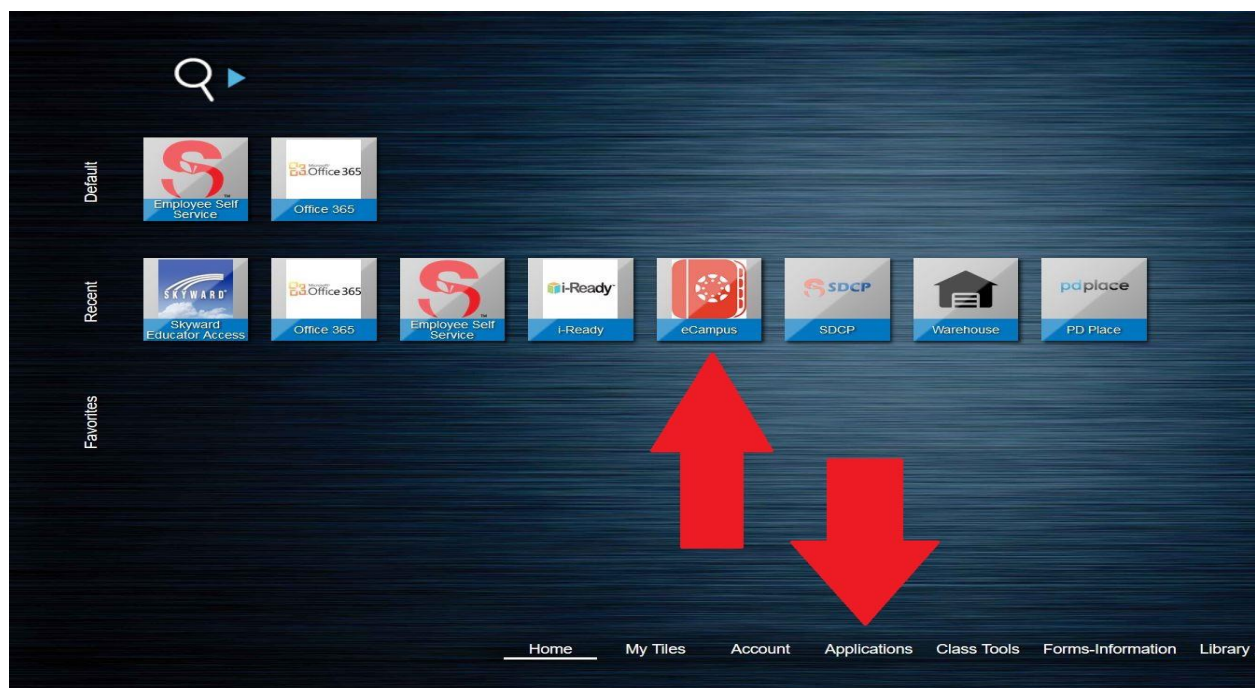

The purpose of this activity is to help parents and their children become a little bit

more comfortable with the eCampus program used by Milwee Middle School teachers for coursework.

During this activity, you will be assisted by students and teachers as you look for and find items in eCampus.

To begin, make sure you and your child are logged into ePassport, then find the eCampus application.

## SCAVENGER HUNT

Hunt #1: Make a list of your child's courses/classes and write the color next to each one.

## SCAVENGER HUNT

Hunt #2: Find the announcements tab. How many announcements have been posted?

The screenshot shows the eCampus interface for a course titled "Web Design I (9009500A)". On the left is a green navigation sidebar with icons for Account, Dashboard, Courses, Calendar, Inbox, and Help. The main content area has a header "Web Design I (9009500A) - Lucas" and a sub-header "Semester 1 2017". Below the header is a list of navigation tabs: Home (highlighted in blue), Announcements (indicated by a red arrow), Discussions, Grades, People, Pages, Files, Syllabus, Collaborations, and Chat. To the right of the tabs is a red sidebar with the "Milwee Web Design" logo and a quote: "With Every Design and Every New Goal, The Teacher Can Help, but You're in Control. Work Out the Kinks and You Will Be Proud. Anchor Your Links and You Shall Be Found." Below the quote is an "Edit this page" link. Further down is an "SCPS DISCLAIMER" section. On the far right, there are buttons for "View Course Stream", "Coming Up", and "View Calendar", along with the text "Nothing for the next week".

## SCAVENGER HUNT

Hunt #3: Look at the most recent announcement in your child's math class and find the most recent *homework* assignment.

Clue: After you find the math announcements, you may need to open one of the attachments.
