SCAVENGER HUNT

The purpose of this activity is to help parents and their children become a little bit more comfortable with Office 365, a program used by students, teachers, and administrators at Milwee Middle School for online storage, communication, & media.

During this activity, you will be assisted by students and teachers as you look for and find items in Office 365.

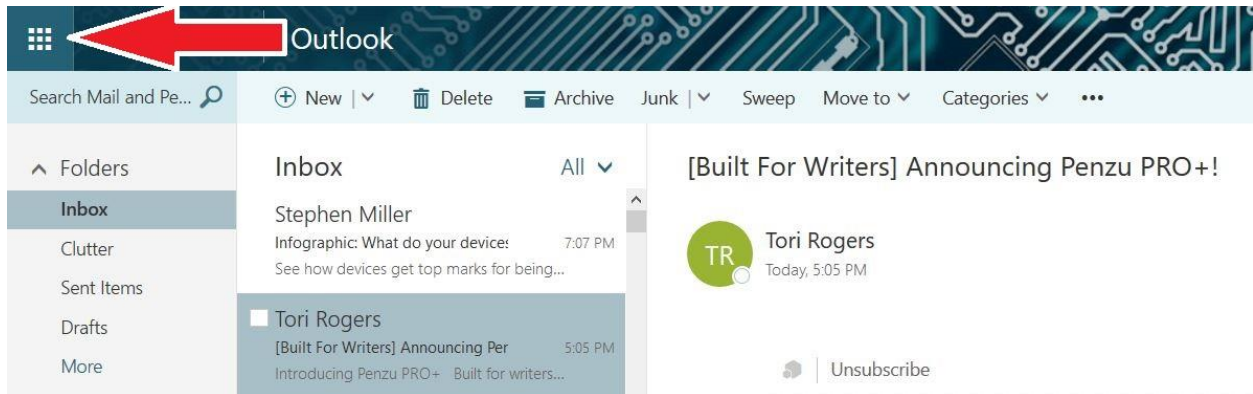

To begin, make sure you and your child are logged into ePassport, then find the Office 365 application.
